We try to provide a safe environment for children to learn in. We want to ensure that children remain safe, at home as well as at school. We think it is important for our children to know where to get help if they are worried or unhappy about something.

## PUPIL FRIENDLY MENTAL HEALTH POLICY

### What is mental/emotional health?

Mental Health in childhood means reaching developmental and emotional milestones, and learning healthy social skills and how to cope when there are problems. Mentally healthy children have a positive quality of life and can function well at home, in school, and in their communities. Young people face many pressures in modern life. Bullying, exam stress, peer pressure, social media burdens and family breakdown are common place. As a result, they may secretly struggle emotionally, engaging in unhealthy behaviours as a result.

### How we support our children's emotional needs

At Jones Memorial Primary School we strongly believe that your mental wellbeing is as important as your physical health. Often, young people suffering from mental health issues don't talk about how they are feeling. Here at Raynham we give you a voice and a place where you can be heard. We think it is important for every child in our school to have the opportunity to express their feelings. Mrs Gepp is there for all our children.

We all have difficult days and it's okay to speak to your parents, Mrs Isherwood, your teacher and other school staff.

We are here to help!

### What factors can protect your mental/emotional health?

getting enough sleep

having the time and freedom to play indoors and outdoors
